

Process in the Inventory of Equipment and Property

Step 1:

- Received Items/units and encode to Inspection and Acceptance Report Form (IAR)
- **(Above 50, 000.00)** - Fill-up Property Acknowledgement Report Form (PAR) with complete details including OR from Supplier Name. Have it received by the accountable Officer.
- **(Below 50, 000.00)** - Fill-up Inventory Custodian Slip (ICS) with complete details excluding Supplier's Name. Have it received by the accountable Officer.

Step 2:

- Capture data from PAR or ICS for the Report on the Physical Count of Property Plant and Equipment (RPCPPE) and Report on the Physical Count of Semi-expendable Property (RPCSP) per employee with complete details (auto populated the data without supplier's name) (See the sample format/details)

Step 3:

- Stored in the RCPPE Form (Above 50k- PAR)
- Stored in the RPCSP Form (Below 50k- ICS)
- This will serve as Main Database

Step 4:

- Create a sticker to be tagged on the items/units.
- All forms must be in a PDF Format/Excel.

Notes for the system

- Create an account for Property Manager/Sir Jerry
- Create user diagram access
- UI/UX - Property Modules only
- With Data Analytics (Monthly report for ICS and IAR)
- With Data Analytics per division (ICS & IAR)
- Separate Module for IAR & ICS with List of Names with inventory equipment
- For Property Sticker - Layout/Input fields (Same layout)
